

Join the Faubion Choir Family!

As a sixth grader at Faubion, you will have the opportunity to take a music class every day, to study an instrument. Let me invite you to study your very own instrument: your voice! Each person's voice is unique and as a member of the Faubion Choir, you will use your voice to sing various kinds of music in a group with other sixth grade singers. Because you already know the basics of singing, 6th grade choir moves quickly. During the year, you will learn how to sing more artistically than you do now – working on your range, breath support, tone, diction, dynamics, and phrasing. We will learn songs in English, and other languages and we will help you become Super Star Sight-readers!

Each singer contributes to the success of the group, and in the process learns not only musical skill but also respect for others, a spirit of cooperation, and a sense of pride and accomplishment. Magic is made when we work together! We care about the personal and social development of each student, as well as his or her growth as a musician. We are a family because we share a feeling of pride in belonging to an amazing group. We work hard—rehearsing, performing, and playing—together. Once you've experienced this, you'll see why so many people make choir their fine arts elective choice.
